

OBJECTIVE:

To leverage my 1 year of foundational experience as an **IT Technical Trainer**, and my academic background in **Information Technology** to transition into a dynamic role in software development or testing. I aim to contribute to creating robust and innovative solutions while continually enhancing my technical expertise and advancing my career in the IT industry.

EDUCATION:

Bachelor of Science in Information Technology
Annai Fathima College of Arts and Science

2020 – 2023

TECHNICAL SKILLS:

Category	Skills
Programming-Languages	Java (Spring Boot, Core Java, OOPs, REST API), Python (NumPy, Pandas, Scikit-Learn), JavaScript
Web Development	HTML5, CSS3, JavaScript
Cloud Platforms	AWS, GCP
Databases	MongoDB
Frameworks & Libraries	React.js, Express.js, Node.js
Testing Tools	Selenium WebDriver, TestNG, Cucumber, Selenium Grid, Postman, Manual Testing, Test Case Creation
Development Tools	Git, GitHub
Software Development	SDLC, Agile, Scrum
General Computer Knowledge	Ms Office (Word, Excel, PowerPoint, Outlook, Teams), Chat GPT

IT TECHNICAL TRAINER:

Zenjade Automation and Technology
Chennai

March 2024- Present

Project-1		Oct 2024- Present
Project Description	Designed and developed a web application to help employees generate and submit daily work reports based on predefined schedules, simplifying the reporting process and enhancing overall efficiency.	
Used Technologies	React.js (Frontend), Express.js (Backend), MongoDB (Database)	
Output	1. Automated and streamlined the daily work report generation process for employees. 2. Ensured secure data management with MongoDB for storing schedules and reports. 3. Provided administrators with a dashboard to monitor employee reports and performance effectively.	

Project-2	March 2024 - Present
-----------	----------------------

Roles and Responsibilities:

- Designed and delivered training programs on software development, programming languages, and testing tools.
- Created and presented technical concepts through engaging PowerPoint presentations to enhance trainee understanding.
- Taught and trained students on various technologies, focusing on improving their technical proficiency.
- Assisted students with personal projects, providing guidance and technical support to ensure successful outcomes.
- Led, Scheduled and managed training batches using Microsoft Outlook and Teams to optimize session organization.
- Launched new courses by developing curriculum, learning materials, and delivering introductory sessions.
- Conducted hands-on training sessions to bridge the gap between theoretical concepts and practical applications.
- Provided one-on-one mentorship to students, addressing their specific learning needs and challenges.
- Developed training materials, including manuals, guides, and hands-on exercises, for effective learning.
- Maintained records of training schedules, attendance, and student progress for reporting and documentation.
- Enhanced communication and presentation skills to effectively convey complex technical concepts to a diverse audience.

Course Learned and Trained: Post Graduate in Java, MERN stack Web Development, Python, Cloud Computing with AWS & GCP, Manual and Automation Testing.

Freelance Developer
IT Projects
Madurai

June 2023-Feb 2024

Project-1 Task Ease - React Native To-Do	
Project Description	Developed a To-Do app using React Native, focusing on intuitive UI for task management and ensuring responsive design across devices.
Used Technologies	React Native, JavaScript
Output	1. Created a functional To-Do app with task addition and deletion features. 2. Emphasized clean and maintainable code. 3. Delivered a responsive design adaptable to various screen sizes and orientations.

Project-2 Saloon Booking Web Application	
Project Description	Developed a Saloon Booking Web Application with a dynamic and responsive interface for users to book appointments online, powered by React.js, Node.js, Express.js, and MongoDB.
Used Technologies	React.js, Node.js, Express.js, MongoDB
Output	1. Enabled seamless online salon appointment booking with customizable options. 2. Utilized real-time updates to keep users informed about booking statuses. 3. Delivered a flexible and scalable solution with a responsive user interface.

BIO DATA

Full Legal Name	Karthick Raja V
Date of Birth	13.05.2002
Location	Velachery, Chennai.
Blood Group	B+ ve
Secondary Phone No:	95000-08195
Soft Skills	Self-Learner, Leadership, Time Management, Critical Thinking, etc.
Hobbies	Enthusiastic about watching movies and series in multiple languages. Avid reader of Tamil literature.
Languages Known	Tamil & English
